It has been my pleasure to work with you on these projects. Your satisfaction is important to me. I trust that you will be pleased with the significant clues that follow.

Highlighted Research Results

- Deed refers to an Elizabeth Peters. Speaking of a William George the phrase “of grand daughter” is used to show her relationship. Mathias and Peter Swartz are also mentioned. **D44**
- Jacob Swartz Genealogy, two generations Peter Swartz ministers at “Evangelical” church. **D38**
“Religion: Evangelical Church¹³” - _____ E-mail, 29 January 2009
- Same genealogy dedicates whole page to Swartz twins. **D38**
“vi. Jane R Peters, born 31 Mar 1858.
vii. Mary Louisa Peters, born 31 Mar 1858.” - 29 Jan. E-mail
- Peter Swartz, Junior is said to be married to Margaret George. **D38**
I think that the compilers found that marriage record somewhere, but attached it to the wrong Peter Swartz. Perhaps Margaret George was a second wife of Peter Swartz Senior?
Margaret was born in 1822! way too young to have a kid in 1820!
Mary Ann Swartz must be the daughter of Mary George (Wm's other daughter) and some other Swartz, not detailed in the book.???

I encourage you to pour over the records I copied. I hope you will find my thoroughness to be a great help to you in future research. On the next page I will make some recommendations in this regard.
